EXPERIMENTAL

RESIDENTIAL SERVICE APPLIANCE RECYCLING PROGRAM RS-ARP-2B

PURPOSE

The purpose of this program is to remove operational refrigerators and freezers (“Appliances”) from service to reduce electrical energy consumption and to provide environmental benefits through proper recycling. DEP offers its residential customers free pick-up and disposal of Appliances and an incentive of \$50 per Appliance for participation.

AVAILABILITY

The program is available to customers who own Appliances with capacities from 10 to 30 cubic feet, which are plugged-in, demonstrated to be cooling, readily accessible for removal and empty at the time of collection. The Appliance(s) must be located at Customer’s residence at the time of pick-up.

INCENTIVE PAYMENTS

Customer shall receive an incentive for qualifying Appliance(s) of \$50 per Appliance, with a limit of two Appliances recycled per account per calendar year. The incentive shall be paid within approximately 6 weeks of pick-up.

RESPONSIBILITY OF PARTIES

Customer is responsible for having an authorized adult, age 18 or older, present at the time Appliances are scheduled for pick-up. Customer, or Customer’s representative, must sign appropriate Company forms to release ownership of the Appliances to DEP for removal and recycling. Customer is also responsible for ensuring the Appliances are plugged-in, demonstrated to be cooling, readily accessible for removal and empty at the time of collection. Company will remove and recycle Appliances from service.

GENERAL

Service rendered under this Program is subject to the provisions of the Service Regulations of the Company on file with the state regulatory commission.

Supersedes Program RS-ARP-2A
Effective for service rendered on and after August 1, 2015
